

Export control reform is coming in October...

Is your company prepared?

Get the latest updates on export control reform. Discuss recent legal updates and best practices in export compliance. Discover through actual case examples, why these export controls are so important and how our nation's adversaries attempt to violate them. This fast-paced seminar is geared toward both new and experienced export control professionals.

HEAR SPEAKERS FROM —

Dorsey & Whitney LLP; FLIR Systems, Inc.; The Boeing Company, the State Department's Directorate of Defense Trade Controls (Invited); the Defense Technical Security Administration; ICE's Homeland Security Investigations; and the Commerce Department's Bureau of Industry and Security

REGISTER —

The one-day event is only \$150, includes meals and reference materials
