The Washington State Department of Natural Resources is sponsoring a demonstration of mobile pyrolysis technologies on **May 8th, 2014** in **Bingen, Washington**. The mobile pyrolysis units will demonstrate the conversion of woody biomass into bio-oil, bio-char and syngas.

Directions: From I-84, take exit 64 and take the Hood River Bridge across the Columbia River. Turn right onto WA-14 (Lewis and Clark Highway) heading east and follow 1.4 miles to Maple Street. Take right onto Maple Street and then first left onto E Marina Way. Follow E Marina Way about 0.5 miles to demonstration site, just east of Marina Park.

The demonstration is open to the public, however, **registration is required** to attend. Register early as space is limited. There is **no cost** to attend. To register email: chuck.hersey@dnr.wa.gov

The mobile pyrolysis demonstration is funded by the USDA Forest Service in partnership with the WA State Department of Natural Resources, WA State Department of Commerce, Washington State University Energy Program, Oregon Department of Forestry and the Oregon Department of Energy.
