

## 2026 Legislative Session Weekly Report

### CleanTech Alliance

### February 1, 2026

#### Week 3

Week three in Olympia was marked by a full slate of committee hearings, executive sessions, and floor action. The first major cutoff is next Wednesday, February 4, when bills must be passed out of their policy committees in their house of origin to remain alive this session. Bills deemed necessary to implement the budget (NTIB), including all revenue proposals, are exempt from cutoff deadlines.

This session there has been increased attention on data centers. In addition to the Governor's budget proposal released in late December which included the removal of certain tax preferences related to data centers, we've seen a suite of bills aimed at data centers in our state. The proposals include provisions that would make data centers pay more of their energy costs and disclose their resource use. Read more about this [here](#).

The majority party continues to consider different revenue tools in order to address current and future budget shortfalls. In the short term we've seen proposals for a range of revenue options, including eliminating certain tax exemptions, increasing nicotine taxes, and raising beer and wine taxes. However, the proposal receiving the most attention remains the so-called "millionaires tax," which has not yet been formally introduced. As currently discussed, the proposal would impose a 9.9% income tax on income over \$1 million. The next revenue forecast is scheduled for mid-February, after which both the House and Senate are expected to release their respective supplemental budget proposals.

Following the February 4 policy committee cutoff, legislative focus will shift to fiscal committees. Bills with a fiscal impact must pass out of their fiscal committee in their house of origin by Monday, February 9. After that deadline, attention will turn to floor action.

## **CleanTech Alliance Specifics**

Thank you to all those who participated in Thursday's CleanTech Alliance Day on the Hill.

We met with Representative Shavers on Monday in an effort to support funding for the nuclear cluster effort. We need to get him the draft budget note language. He did note that the budget situation is difficult this year. Senator Boehnke has also indicated he is willing to work on this.

[Senate Bill 6004](#), sponsored by Senator Boehnke (R), and [House Bill 2103](#), sponsored by Representative Stearns (D), both broaden existing authority for cities, towns, code cities, operating agencies, and certain public and private utilities and districts to contract with public or private parties for renewable or nonemitting electric generation, including paying for project capability regardless of operational status, and align legacy statutes with Washington's clean energy transformation framework and modern financing practices. Executive session was scheduled for January 23rd in the Senate but no action was taken. The House version has yet to move as well.

## **Upcoming Events Report**

### **Environment & Energy (House) - HHR B and Virtual JLOB - 2/2 @ 1:30pm**

- HB 2515 - Exec Session - Addressing emerging large energy use facilities.
- HB 2496 - Exec Session - Concerning tribal consultation conducted by the energy facility site evaluation council.

**Environment, Energy & Technology (Senate) - SHR 1 and Virtual J.A. Cherberg - 2/3 @ 1:30pm**

- SB 6171 - Exec Session - Addressing emerging large energy use facilities.
- SB 6284 - Exec Session - Providing consumer protections for artificial intelligence systems.
- ESSB 5466 - Exec Session - Improving reliability and capacity of the electric transmission system in Washington state.

**Environment & Energy (House) - HHR B and Virtual JLOB - 2/3 @ 4:00pm**

- HB 2416 - Exec Session - Concerning fair treatment of waste to energy facilities under the climate commitment act.

**Business, Trade & Economic Development (Senate) - SHR 2 and Virtual J.A. Cherberg - 2/4 @ 8:00am**

- SB 6289 - Exec Session - Creating a statewide economic development and competitiveness strategic plan.

**Bill Status**

Bill #	Companion	Abbrev. Title	Title	Status	Sponsor	Priority
<a href="#"><u>SHB 1071</u></a>	<a href="#"><u>SB 5058</u></a>	Recycling rates	Implementing strategies to achieve higher recycling rates within Washington's existing solid waste management system.	H Approps	Fey
